

User Acceptance Testing (UAT) Document

Date	23 JUNE 2025
Team Id	LTVIP2025TMID53096
Project name	BOOK NEST: WHERE STORIES NESTLE
marks	4 MARKS

Project Overview

Project Name: Booknest

Project Description:

Booknest is an intuitive digital platform for book lovers that allows users to explore, purchase, and review books across genres. It offers personalized book recommendations, wishlist and cart management, and seamless integration with payment gateways and delivery tracking systems.

List of Features and Functionalities to be Tested

- User registration and login (Email & Google)
- Book browsing by genre, author, and rating
- Search functionality with filters
- Wishlist management
- Shopping cart functionality
- Secure checkout with payment integration
- Order history tracking
- Book reviews and ratings
- Personalized recommendations
- Admin panel for book/inventory management
- Customer support module (chat/ticket-based)
- Responsive design and performance under load

List of User Stories or Requirements to be Tested

- FR-1: User Registration & Login
- FR-2: Book Search & Filter
- FR-3: Wishlist & Cart Management
- FR-4: Checkout & Payment
- FR-5: Order Tracking
- FR-6: Book Reviews & Ratings
- FR-7: Personalized Recommendations
- FR-8: Admin Book Management
- FR-9: Customer Support

Test Cases

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
